

# Breast Cancer Walk

Southern California Management Accounting team put on their pink outfits and walked three miles to raise money for Breast Cancer research. The walk meandered through historical Balboa Park and included a mile on a usually busy stretch of highway next to downtown San Diego. A total of 28,000 people participated in the walk, and the San Diego Penske team raised \$2,300. This is the third year that the San Diego office has walked for a breast cancer cure, but it meant a little bit more this year as one of their long-term office team members was diagnosed with Breast Cancer just a month before the walk.
